### What is a package?

A reservation that contains at least two major travel components booked on Expedia TAAP (flight, accommodation, car hire), one of those being a hotel.<sup>1</sup>

### What are package rates?

Discounted hotel rates that can be offered to travellers if you book a hotel through Expedia TAAP with another a major travel component, whether booked on TAAP or not.

### Why is this a benefit?

Discount levels for these rates are so great that hotels don't want us disclosing them — so always quote the price for all components together. Travellers will save an average of 20% on prepaid hotel rates at 350K+ properties worldwide.

### What about commission?

Commission is calculated including taxes and fees, and based on the hotel and your agency's tier.<sup>3</sup> You will see higher commission for some rates when compared to normal hotel rates.
