

Easily generate quotes with our Quote Tool

Easy to use & saves you time

You can generate a quote in just two clicks.

It does all the hard work for you

Fully customisable with your agency logo and the ability to show and hide information.

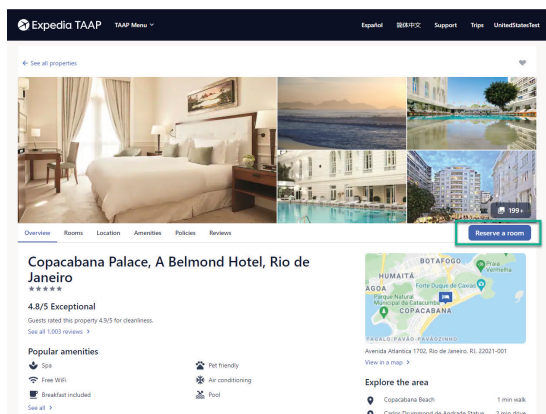

Supports your travellers

With an easy-to-read document to help them plan their trips.

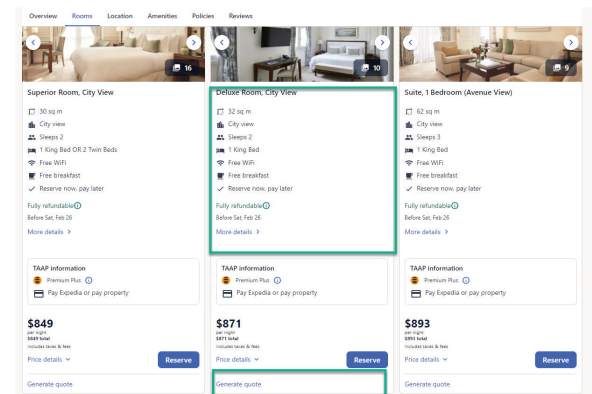

Step 1. Choose the property for the quote

Select the property you want to quote from your list of results and click 'Reserve a room.'

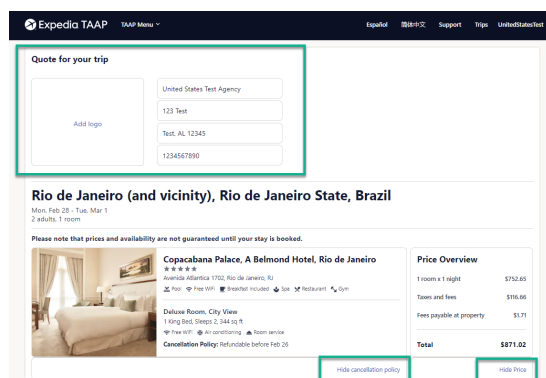

Step 2. Make the room selection

Choose the room you wish to quote and select any additional options for the rate: such as fully refundable, breakfast, extras, and more. Click on 'Generate quote.'

Step 3. Add your logo and customise

You can choose to customise your quote before sending it to the traveller.

Step 4. Save and send your quote

After previewing your quote, select 'Save as PDF' and save the quote to your device. You can proceed to save additional quotes and attach them to an email when you're ready.
