

Moving on up!

5 ways to maximise your lodging sales to reach your target tier

Moving up the tiers with Expedia TAAP is simple; all you need to do is book our eligible products: properties, pre-paid car rentals, activities, packages and airport transfers. Please note that in some countries not all travel products will be available. Each year your agency must meet the tier spend target to keep your partner tier status. At times we may reward you with a tier upgrade, increasing your earning potential. Here are some extra tips on how to move up the tiers.
